

# SAC-D/Aquarius

**An Observatory for  
Ocean, Climate and  
Environment**

**SAC-D/Aquarius**

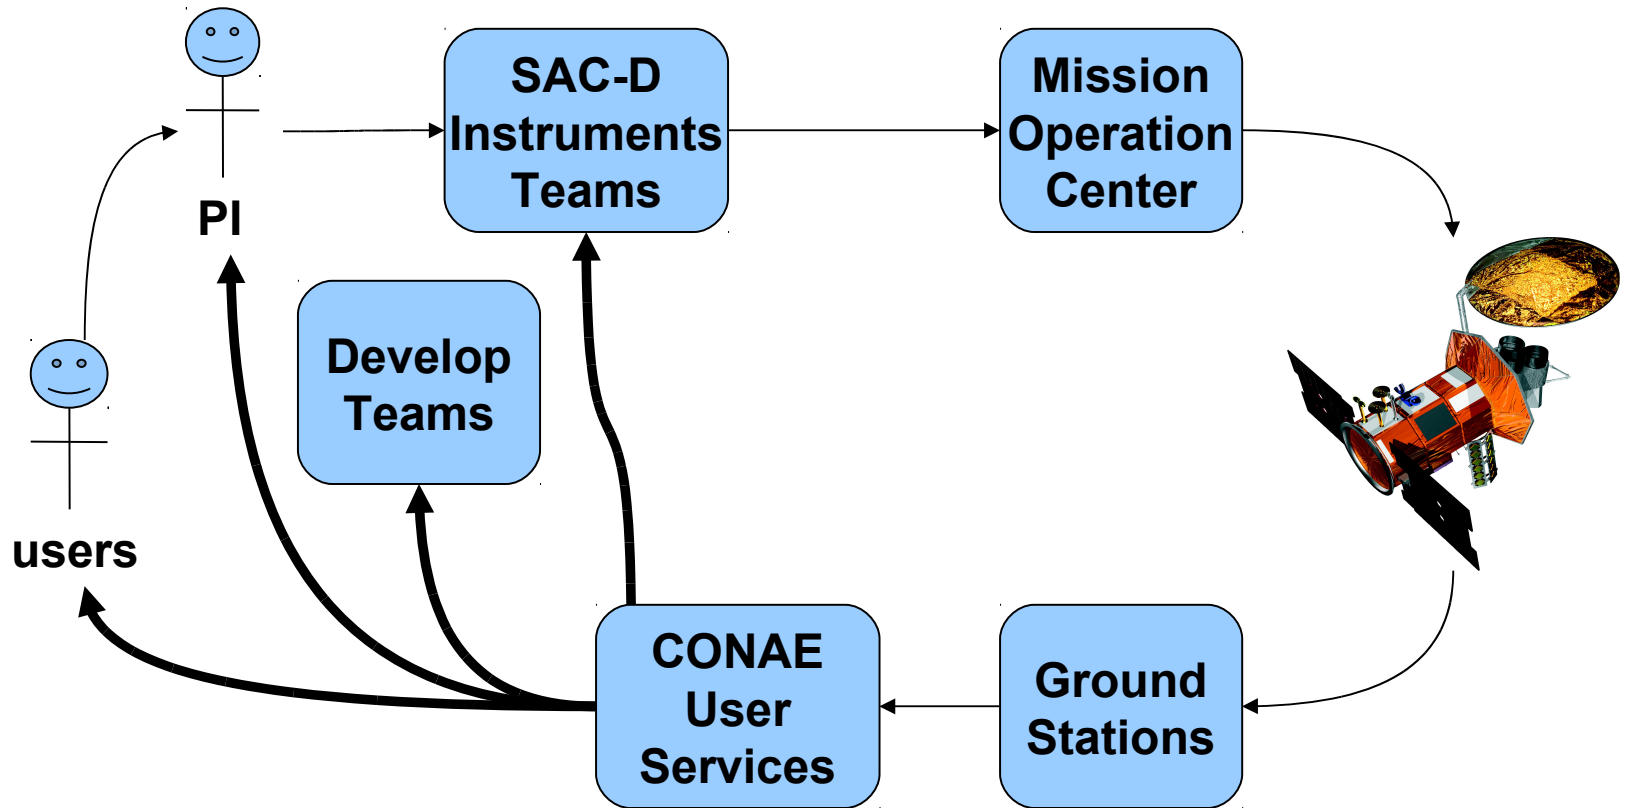

**CONAE's Data Processors  
& Distribution**

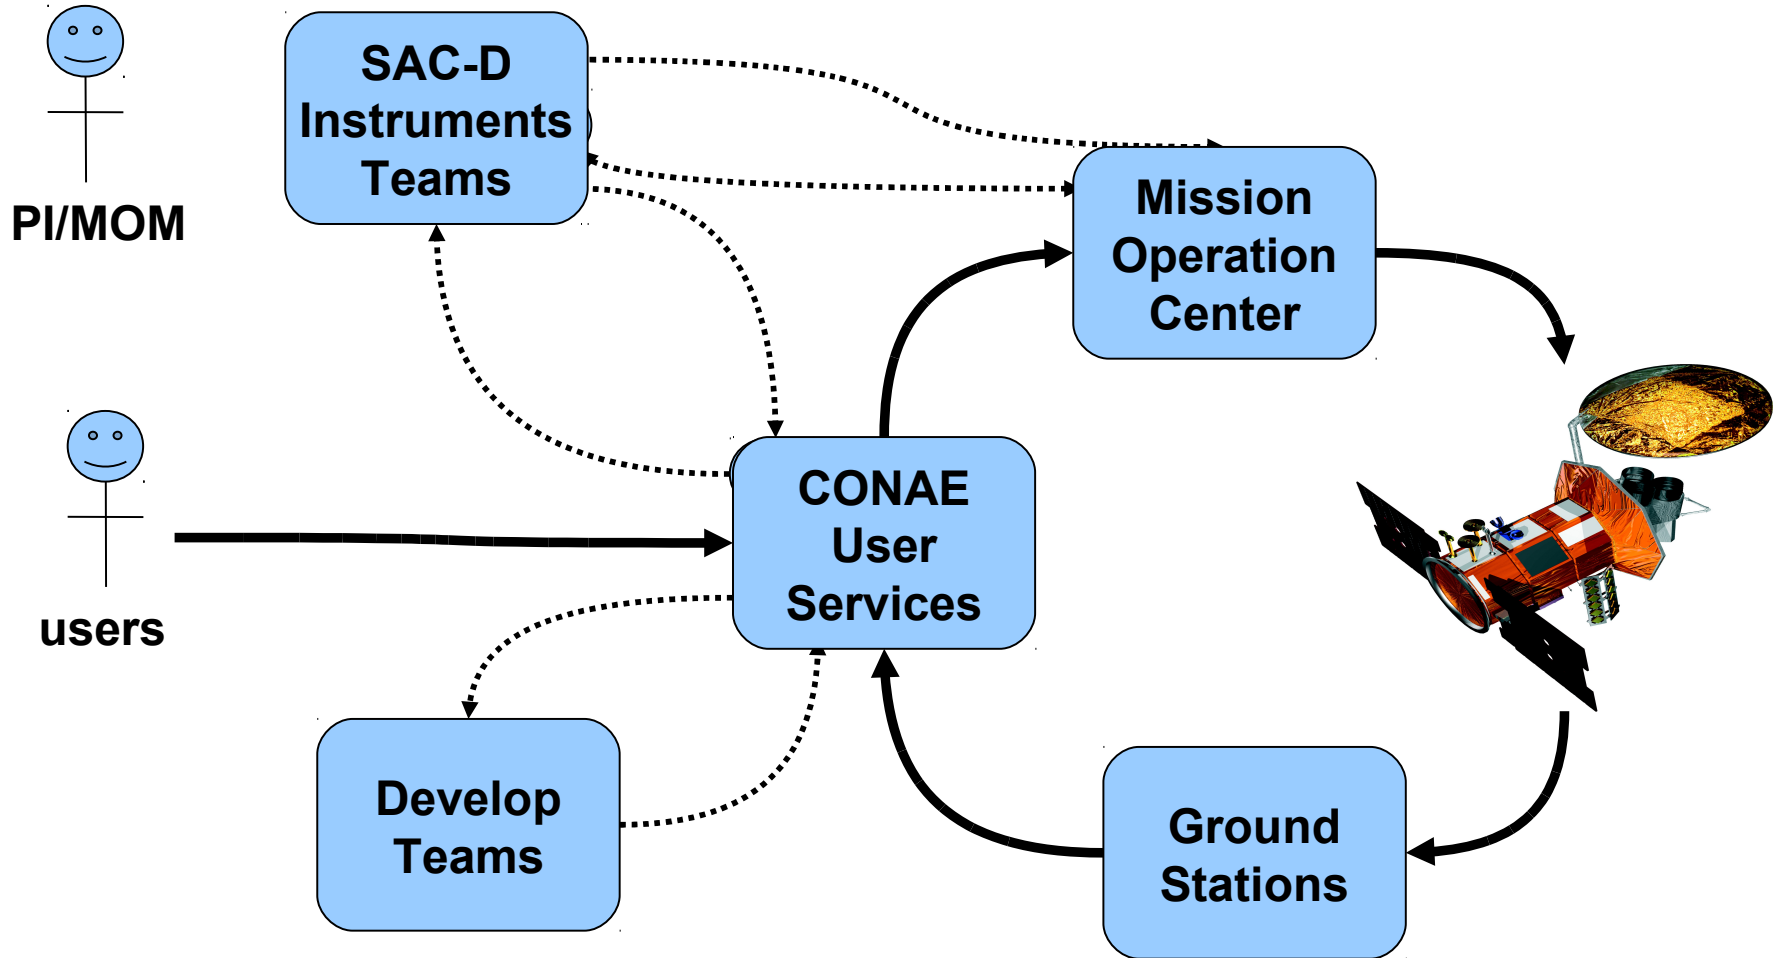

**Matías Marenchino – Lucas Bruno**

**7th Aquarius SAC-D Science Meeting  
Buenos Aires - April 11-13, 2012**

- ◆ **Post Launch working process**
- ◆ **Nominal working process**
- ◆ **Data Processing and Distribution Current Status**
- ◆ **Priorities**
- ◆ **Procesador – How to work**
- ◆ **Products – How they are**

## Current Status

**AQUARIUS - CARMEN - ROSA = Delivering RAW**

**HSC - TDP - DCS = commissioning process and processors in development**

**MWR - RAW + L0 + L1A + L1B + L2 = Delivering and improving processors**

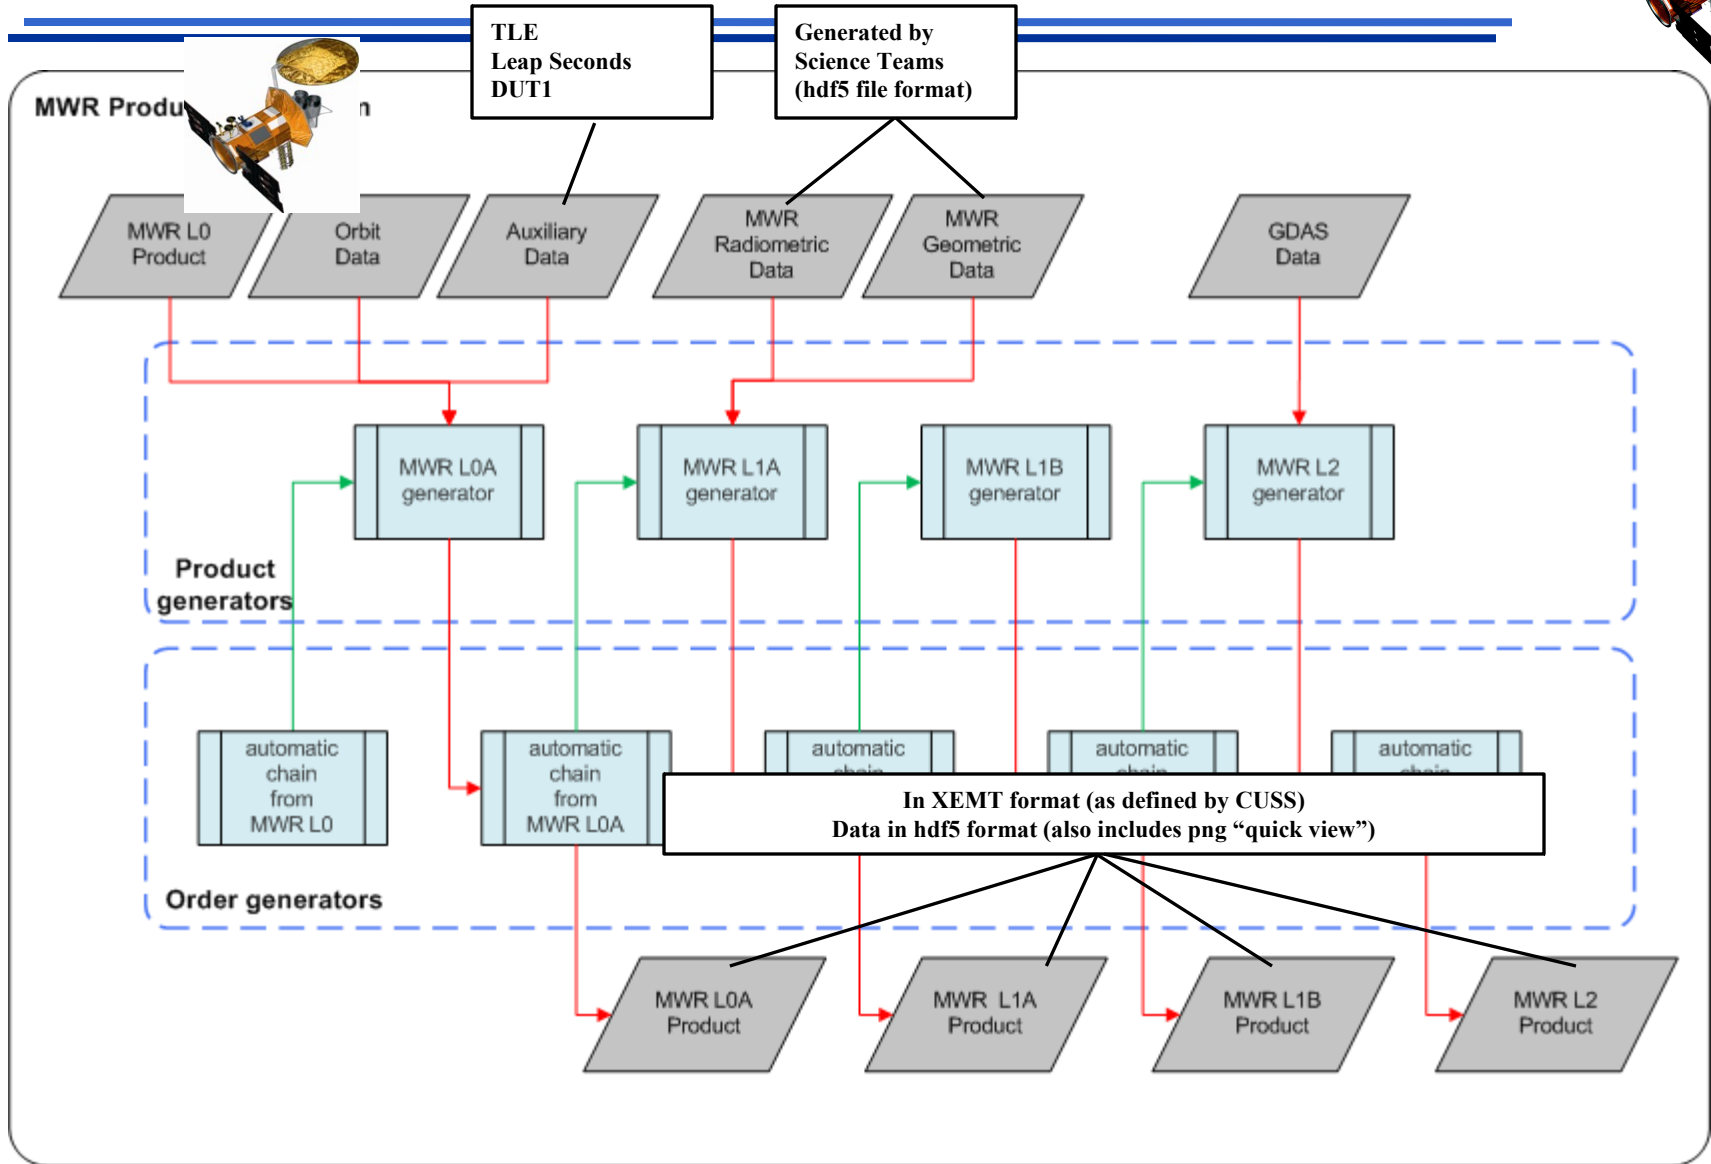

**NIRST - RAW + L0 + L1A = Delivering and improving processors**

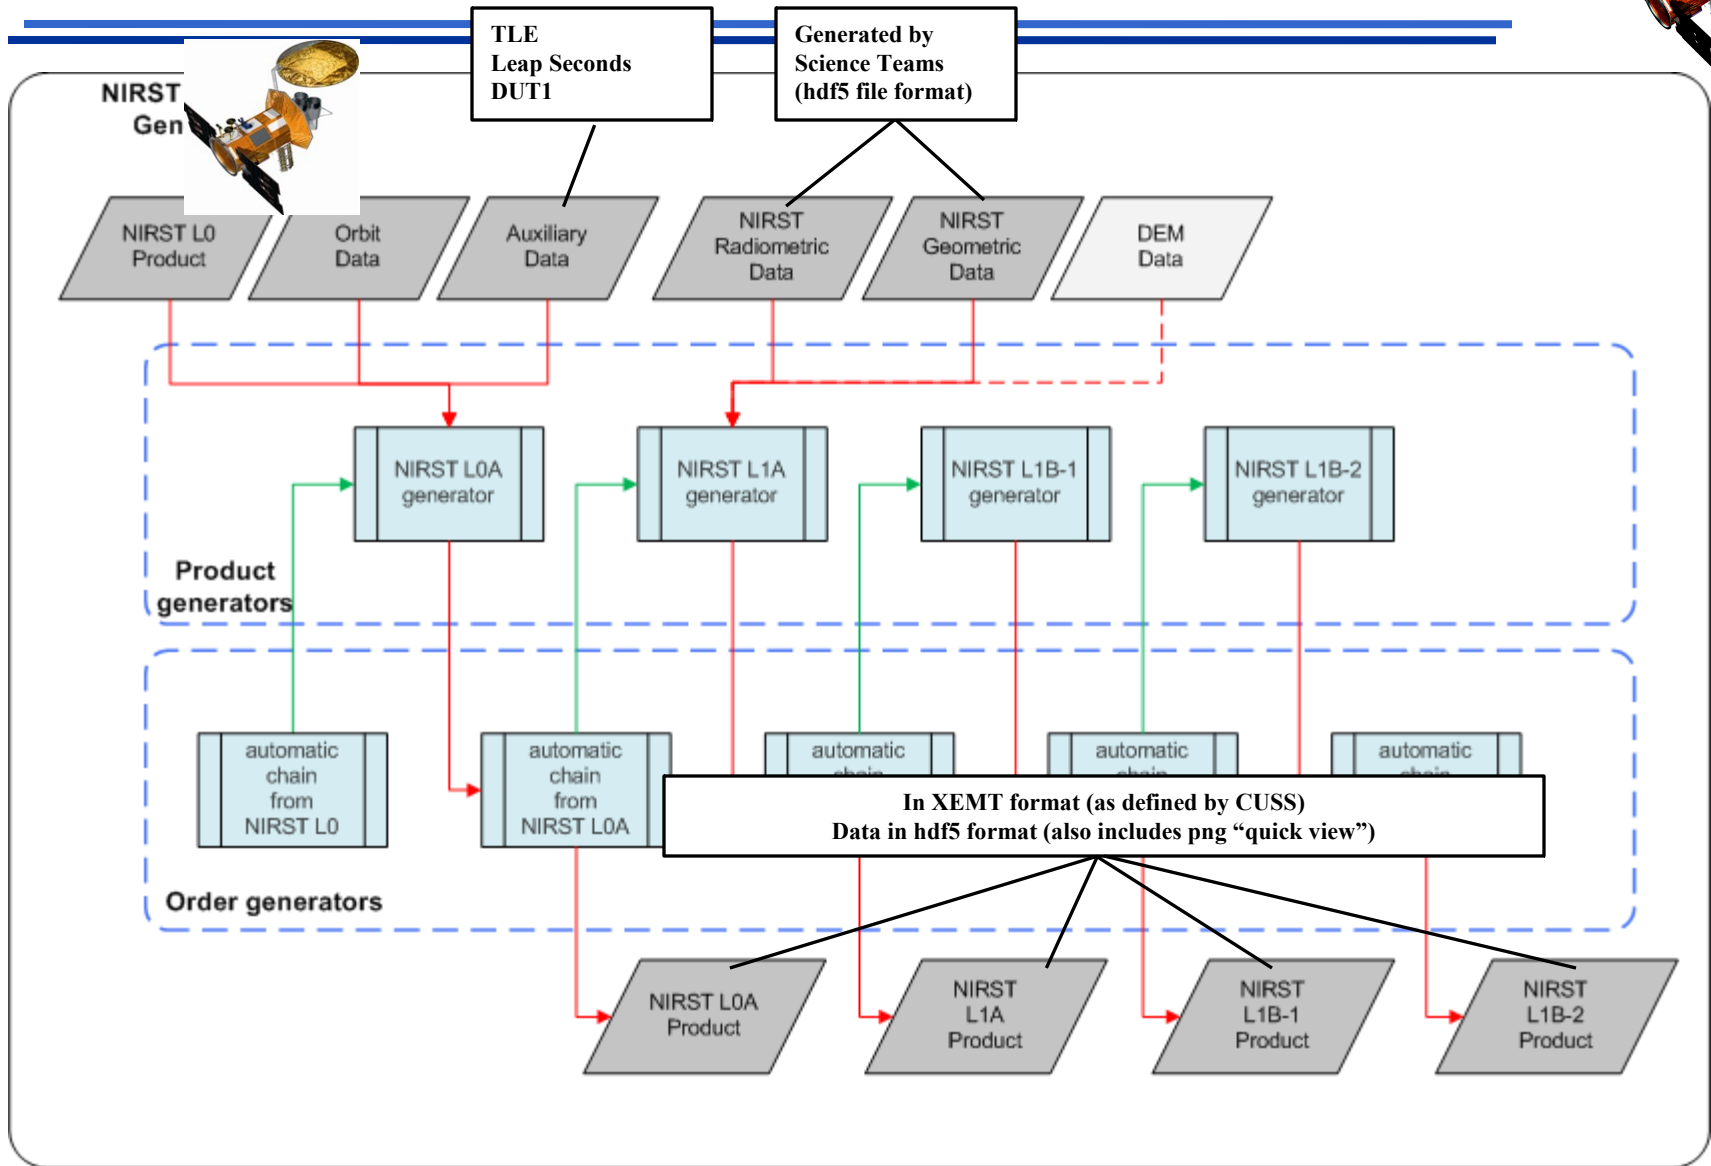

## Priorities

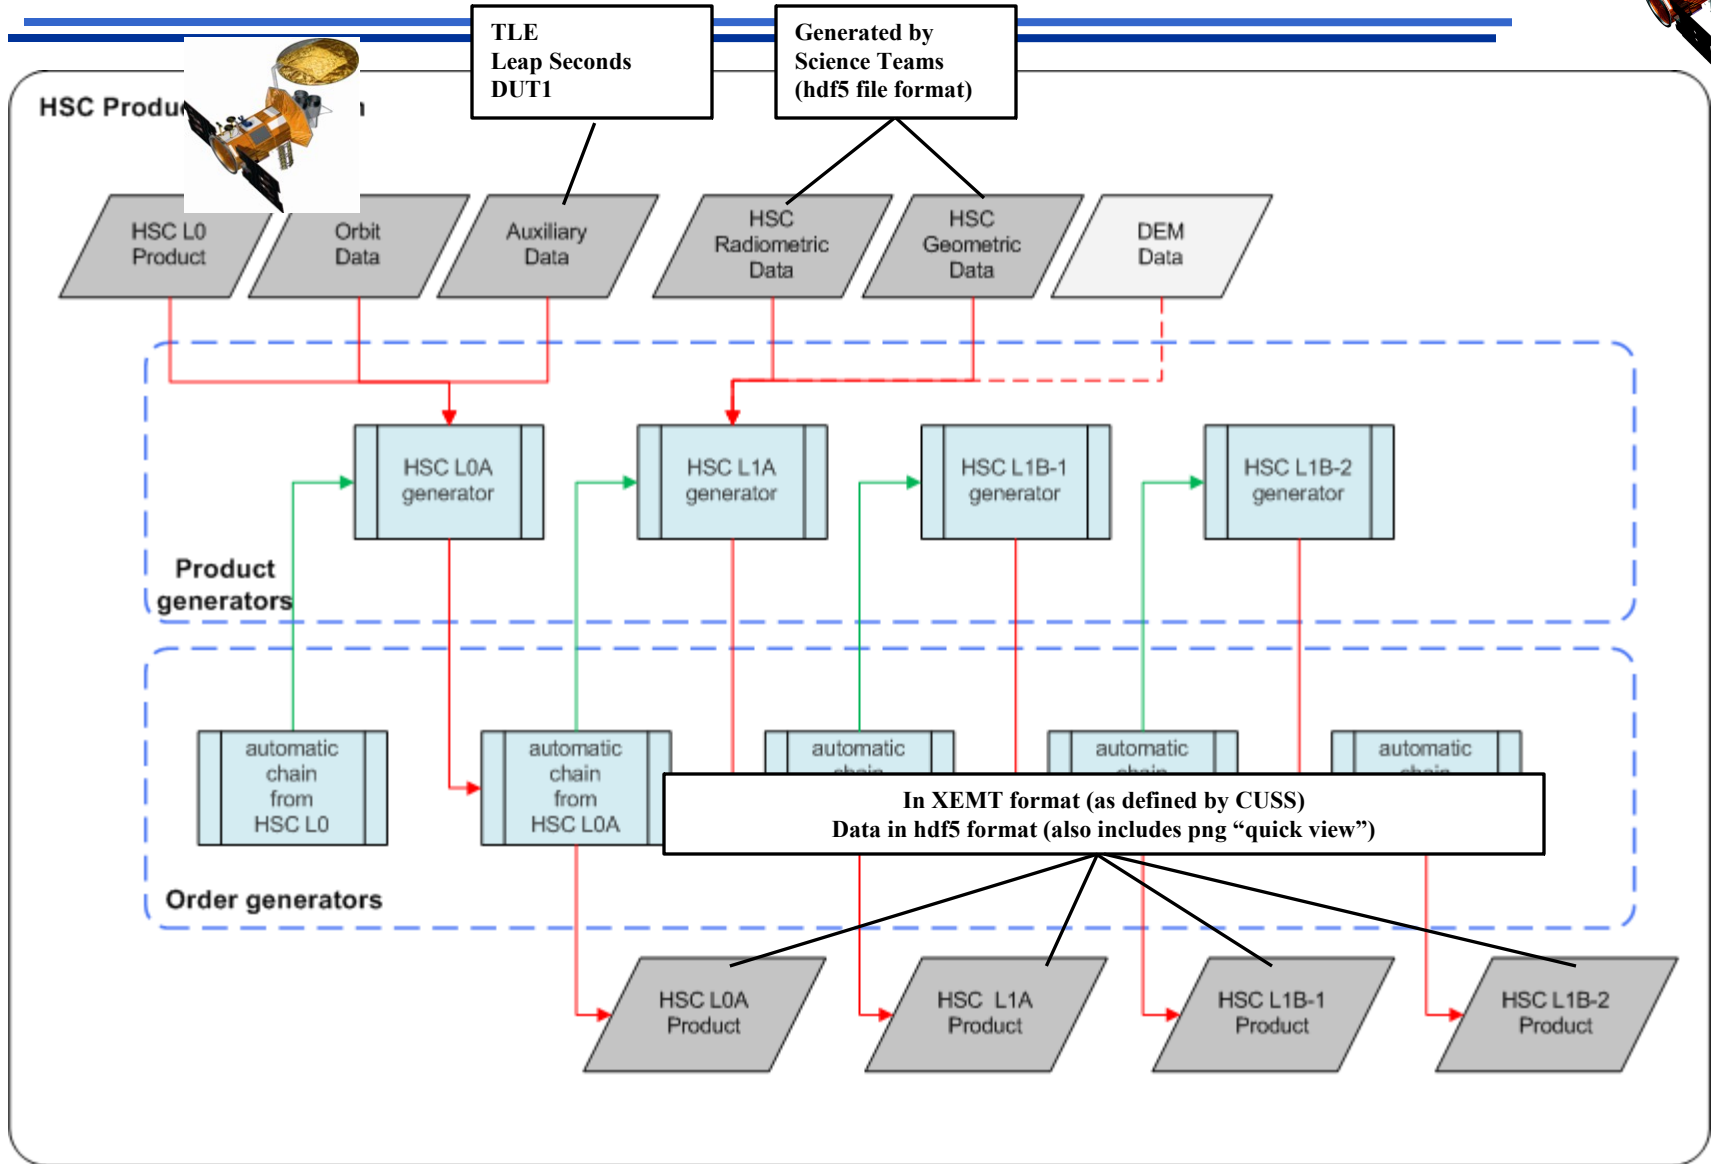

- + Commissioning
- + Emergency Request
- + Science Request from AO
- + Common User Request

## Data Distribution

- + SFTP Delivering: Raw – L0 – L1 – L2
- + Web Delivering: L2 – L3 – Others
